## DEDICATION

He moved out  
risking dark  
for the sake of light  
so we could take one step.  
He would not tell us how.  
Every seeker must use  
what weapons he has.  
This man used them well.  
It is a thing of feeling every step  
in the dark  
and one might fall if guided  
by any touch but his own.  
He did not say how  
he said why—  
not in a word or phrase  
but in laughter  
sometimes  
and compassion always.  
Knowledge might be bound  
but not love.  
He gave directions for the first step only  
and perhaps a blessing  
for the rest.

WARREN E. STEINKRAUS

## LIKE BLUE WATERS AND THE WHITE OF SAND

The myth that we have shaped of ancient Greece  
Is good. Has grace.  
Is stronger than the history they made  
Which could not be restored  
Even if we chose.  
But instead we choose the symbol—the rose  
Among nations—symmetrical,  
Beautiful, simple, unforgettable.  
They say (the myth says) a people from the cold  
Hard north came to the Mediterranean, bold  
People, deep, life-loving  
Minds quick and roving.  
We admit glossing over much: hurt slaves  
And disease and blood. Terror graves.  
The bestial. The obscene.  
Men like gars. Women never clean.  
But we forgive because we understand  
That like blue waters and the white of sand  
These Grecian images in word and stone  
Can cut into the living flesh. Can atone.  
Can free.  
Can hang over the hot heart, on a fabulous tree,  
Pears of the proud torsos of pale  
Women strong to be loved, the purple trail  
Of the gleaming grapes of stark  
Tragedies, the crimson mark  
Of the apples of crisp ideas, plums  
Of strange music, blooms  
Of white columns, pods of sleek  
Javelins—all fixed, mysterious. All Greek.  
So in this college by this other river and other  
Hills around, we call them brother  
To our play, our thought, our pleasure and our pain.  
Our need for wholeness gives them life again.

Barefoot in the wondrous Hellas,  
the learned Zeno stood upon the  
sun-drenched stoa and drew out  
the knowledge gained from existence  
in many previous lives;  
and yet there was much more than  
drawing-out,  
for in doing such he entered into  
the psyche of another,  
discovered what is human, what is  
partially true,  
and lay down upon his hard pallet  
at night,  
with half-truth, at least, within  
his sight.

The ephebi were there with their  
so short cloaks and ardent oaths;  
there at the lyceum they practiced  
a muscular art upon the palestra.  
And having given nurture to their  
bodies,  
they wandered out into the groves  
and discoursed with the learned ones  
on what it is to be.  
And wise they were in their discourse,

Three muses left Mount Helicon for a day,  
and wandered hopefully through the underworld  
looking for souls that might be inspired  
to dance and sing in worship of the gods.  
At first they found a wanderer who watched  
the underworld for the answer to his misery;  
Terpsichore's heart was filled with pity,  
and thus she said to him:  
O, wandering one, find now the glory of  
existence in inspired dance.  
Erato too so very soon had dedicated a tearful  
maiden to a life of song.  
Euterpe finally changed a madman into a  
glorious, defiant composer.  
And for awhile the three did sit upon that  
field of woe,  
and said one to another:  
sadness is aligned with art; each cannot stand  
alone.  
It is the sad who know of beauty, and only they  
can give its truth to those who might be happy.

Then beauty sprang upon the world

Now one could sing and praise and  
question other men;  
and with two gifts, his words and fire,  
man became the ruler of the world.  
Armed with language, he remade the

Hyperion fathered the sun one day and  
wise men gathered in the new known warmth,  
exclaiming at the regeneration of life that  
had risen from desire.  
And all around these savants asked themselves  
the reason for the sun.  
They gave many reasons, but Hyperion, in the  
coolness of Olympia,  
laughed at them as they began to build their  
shrines.  
Fools are they who do not know the reason  
for the sun:  
the sun is nought within itself,  
but only gives a light that men might know  
the truth.  
It only stands to guide them safe upon the

Across the valley of time,  
a sharp, clear call was heard.  
The heroic trumpet of Clio  
was played upon the mount of history.  
Mankind stopped and fell in reverence  
before the holy muse,  
and listened to her precious words  
steeped in the wisdom of forty lives.  
No praise had she for man, but only  
fierce philippics,  
for he had failed, she said, to live  
at all in peace,  
but spent his time in useless wars  
without holy Olympia's consent.  
Then one cried out unto the muse:  
where is the truth that we might use,  
to live as one in peace?  
The secret lies, said she, within yourself.

About the temple a thousand candles  
burned,  
And the dust of the sacred groves was  
still;  
Death and life both hovered near the  
porch,  
that night when Hermione gave birth  
to reason;  
For she had been too many years a  
maiden,  
so she became a holy mother.  
But divinity was the father of reason,

for revelation would not come from

So Hermione delivered reason  
that it might deliver the world

Atop Mt. Helicon reclined the wise children  
of Zeus,

who reflected once upon their state.

Why should we be, said Eros to his mother;

And Hera from her throne replied:

To guide a soul through its existence;

To listen and to speak; to promise and  
provide the gifts of prior existence and  
strong knowledge.

You should give your attributes

that man might grow and learn to know

his brother and that which waits to be

discovered in the shadows of the temple.

# Homecoming Queen and Court

JUDY SCENT

Each class enters two contestants for homecoming queen title. Attractiveness and poise are the primary qualities sought in the queen, and Judy possesses them in a delightful way. She was chosen by the alumni.

Standing: Ella Sue Russell, Joyce Peacock, Claudia Havens, Alice Carter, Judy Scent, Linda Gibson, Marilyn Phyllides, Clarinda Carter.

NANCY MOORE

## Mountain Laurel Representative

Mountain laurel representative is chosen by the faculty. Each year a lovely coed competes with beauties over the state of Kentucky for this distinguished title. Nancy Moore represented Union very well indeed in last year's pageant.

All senior girls are eligible for the title of sweetheart queen, selected by the women residents of Pfeiffer Hall. The selection is made on the basis of service in both the school and the dorm. The queen reigns at the Valentine Dance, and Gail was lovely in her role.

## Sweetheart Queen

GAIL FAIRCHILD

## Snow Queen and Court

### MARILYN PHYLLIDES

Chosen by members of Circle K to reign over the Christmas formal, Marilyn was a gracious and stately queen this year.

*Standing:* Claudia Havens, Ella Sue Russell, Marilyn Phyllides, Clarinda Carter.

RAE SHARON STETLER

Grace and beauty were there of course,  
 But Hera would have envied her  
 for more;  
 A serenity within was the gift  
 that made her queen  
 of countless gods and men.

## Stespean Queen

The Stespean staff chose Mr. Paul Mitchell as our authority to select the Stespean Queen. Mr. Mitchell's long years of viewing photogenic beauties in the movie industry made him especially appropriate. He chose Miss Rae Sharon Stetler, from twelve entries, because of her photogenic beauty similar to that of Kim Novak. Mr. Mitchell's decision was supported by Miss Jo Dennis, Miss South Carolina of 1962.

## American Chemical Society

Promotion of unity among future chemists, initiation of a desire to study chemistry, and orientation in new developments in the field of chemistry are the tri-fold purposes of the American Chemical Society. Two meetings a month plus visits to the Oak Ridge Atomic Plant, the University of Tennessee, and the University of Kentucky Chemistry lab are the scheduled activities for the year.

Standing: John Wheeler, Marcetta York, Jerry Wambolt, Joe Hissam, Boaz Mafarachisi, Mr. Pogorelskin, Donald Bruce, Douglas Hulitt, Edward Minter.

*Seated:* Bonnie Philpot, Martha Kirkland, James Shaw, Ronald Watson.

The Alpha Delta Chapter, dedicated to greater knowledge of the various fields of mathematics, invites lecturers as well as staff and students to participate in the programs. The theory of numbers is a most fascinating field. New members are happily anticipated.

One plus one = tea for two

# Milesians

The Milesians are interested in promoting philosophically systematized thought of a creative nature among philosophy majors, minors, and interested faculty. Activities of the club include an annual spring banquet with a prominent philosopher as speaker; stimulating discussion programs with philosophers in the area; and creating interest in founding similar groups at other colleges.

## Art Club

Now Dean Boyd *said* no more cuts.

Members of the Art Club strive to further the artistic education of interested persons. Through active participation, members gain awareness of the values of art. In addition to sponsoring a Horror House at the Halloween Carnival, the club produced a campus Student Art Exhibit in which art works of Union's students were displayed.

Le Cercle Francais attempts to stimulate interest in the French language and culture by presenting to its members such programs as films, songs, speakers, games, and skits. The principal projects were a Homecoming display and a Halloween booth which featured DeGaulle holding a map and flag of France, and members dancing the "can-can."

Oui, not we.

# German Club

Die deutsche Gesellschaft was created to spur an interest in Germany and German through cultural and social concerns. Regularly scheduled meetings with films, guest speakers, songs, games and chatter plus impromptu singing sessions provide learning through enjoyment for "die deutsche Gesellschafter." Club activities this year included Homecoming, the Halloween Carnival, the Valentine Dance, a picnic with the French club at Lake Chenoa, and a formal dinner at the Marigolds.

## Phi Cwens

Three Cwens take three Jacks—two more and you have a full house.

Phi Cwens, Union's national sophomore honorary sorority, fosters leadership, scholarship, and fellowship among the sophomore women and, by example, instills incentive in the freshman women to obtain high scholastic average in order to be honored by membership in the sorority. This year active and alumnae Cwens attended the National Cwens Convention at Alleghany College in Meadville, Pennsylvania. Other outstanding features were the tapping ceremony in the spring, and the initiation of new members at the annual ritualistic feast.

*Standing:* Ann Stevens, Alberta Sheldon, Martha Kirkland, Ruth Asher, Nancy Moore, Sally Snowball, Carol Schultz, Paulette Look, Jennie Jo Rice. *Seated:* Miss Millen, Rae Stetler, Lynn Deitrich, Bettye Smith, Joyce Peacock, Alice Dudley, Sandra Tignor, Dean Owen.

# Pi Gamma Mu

*Standing: Back Row: Dean Owen, Warren Robbins, Milton Townsend, Dr. Ghormley, Bob Peterson, James Frutchey, Dr. Simms. Standing, Center Row: Miss Milliken, Miss Millen, Mrs. Parry. Seated: Lawrence Westbrook, James Allen, Alberta Sheldon, Erick Pifer, Jorge Mir.*

To improve scholarship and to inspire social service are the purposes of Beta Chapter of Pi Gamma Mu. Membership is open to students who rank in the upper third of the junior and senior classes, have majors or minors in one of the fields of social science offered at Union, have completed at least twenty hours of social science with a grade of "B" or better, and have submitted a research paper on some phase of social science. The club held its first semester initiation December 10, 1962. Another initiation held in April and a May picnic were the highlights of the year.

Now let's swing over to Lincoln.

# SNEA

*Standing:* Pat Worley, George Shellenbarger, Janice Hicks, Bonnie Neimann, Judy Parrott. *Seated:* James Frutchey, Evelyn Maiden, Emily Dickens, Barbara Kidwell, Phil Wilkins, Sandra Tignor, Patricia Prynne, Linda McGaughy, Peggy Chandler, Priscilla Holt, Marilyn Phyllides, Laura Houben.

The John Owen Gross Chapter of SNEA, founded for the purpose of providing a professional club for students entering the teaching profession, emphasizes participation in all levels of professional activity, and encourages development of leadership skills. Activities for the year included sponsoring visiting high school NEA groups, attending a district workshop at Cumberland College, and hearing various speakers in the educational field.

That's the way you spell it!

# Home Economics Club

The Home Economics Club was founded in 1956 with the purpose of acquainting its members with the esthetic as the well as the functional sides of home and family care. The highlights of the year were a Christmas tea for the faculty, a bake sale and a dance. The club serves many other groups through cookie making and preparation of other refreshments.

As a result of the firm leadership of the senate, improvements were made in campus neatness and lunch-line procedures; the student union building received an affirmative vote; closer cooperation developed between the senate and faculty committees; and a strong relationship existed between the senate and student body.

Any student who participated in any way with play production is eligible for membership.

Let's not fight over this line.

Don't worry Jan, you'll make it.

## Orange and Black

*The Orange and Black* has had a very successful year, striving to serve the student body with outside news as well as news of campus events. The Lyceum column has caught new interest; cooperation between staff members and the student senate has kept down a good deal of uncertainty connected with the paper; and the regular appearances of the paper have been the result of excellent cooperation and enthusiasm from a fine staff. The editors want to say thank you.

# Council of Southern Mountains

Dunking plans for Dean Boyd.

Through actual work experience, Council of Southern Mountains tries to present to its members a true picture of the Southern Appalachian region. In order to be a member of the Council, each person must participate in the work program outlined by the Council. Besides providing opportunities for the campus community to dunk professors and fellow students at the Dunk-Ems, Council members also sponsored bake sales, a sock hop, and a workcamp for members.

They forgot about Nair.

I dreamed I played basketball  
in my . . .

The Union Bulldogs, under the first year leadership of Coach Pete Moore, experienced an up-and-down season. After dropping its first three KIAC contests, Union found the winning track against Pikeville. In upsetting both Georgetown and Villa Madonna, the Bulldogs tried to make the season interesting.

Outstanding performance were turned in by juniors Bill Fultz and Ron Brack. Fultz scored about 20 points per game, while Brack averaged nearly 16 and was the leading rebounder. A junior transfer, Frank Dalton, and two freshmen, Bill Trent and Ron Phipps, round out the starting unit. Because the emphasis was on youth, Coach Moore was forced to start a unit lacking in experience. However, none of the players will be lost through graduation, and Coach Moore can look forward to a more pleasant campaign in his second year as head coach.

# Swimming

Please don't flush it now!

Under Coach Thompson, the Bullfrogs scored impressive victories in home meets with Tennessee A. & I. and the University of Kentucky. This was a pleasing way to begin the home portion of a successful slate. With only eight returning lettermen, Coach Thompson was forced to find additional talent. Several freshmen tankers performed very capably.

Lettermen Tom Swenk and Stan Lawson, coupled with newcomers Dave Razor, Rich Moldenhauer, and John Juhasz, scored heavily throughout the season and carried the major load of the Bullfrogs' attack. The home schedule had at least one new twist—a night meet; Union also was host to the KIAC championship meet. Since there are many lettermen returning next season, Coach Thompson and the swimmers can look forward to the 1964 campaign.

From Sparta to Athens in three years.

The track team could not repeat its championship success of 1961, but, under Coach Pete Moore, it had a number of outstanding individuals on the cinders. 1962 found the Bulldogs at the bottom of the KIAC ledger.

Certainly there was no one more versatile than Bob Patton. At one time or another, the sprint ace was victorious in the 100, 220, 440, high and low hurdles, and the broad jump. Basketball ace Sam "Big Daddy" Cowan set a school record in the shot put. Coach Moore is looking for some freshman talent to bolster the squad's chances in 1963.

# Baseball

*First Row:* Carl Bennett, Dennis Comer, Ron Robertson, Ted Bryson, Stan Lawson, Jim Harbeson, Bill Geesey. *Second Row:* Jerry Bush, Bill Strong, Eddie Moose, Jim Young, Monroe Hedrick, Glen Conway. *Third Row:* Skip Ballard, Dick West, Dave Schweitzer, John Moffitt, Denis Bigelow, Tom Harding, Doug Rodeck, Jim Hundley, Coach Thompson, Coach O'Brien.

The 1962 baseball team experienced a very rough season and compiled a 6-14 log. Pitching was the biggest weakness, but prospects for 1963 are bright. Last year, Freshman Dave Schweitzer was the team's leading hurler with a 3-2 record. The emphasis last season was, however, on youth, as five freshmen held starting positions. The team was under Coach Thompson's direction.

Monroe Hedrick posted a .400 batting average and chipped in with three home runs. The team batted .315; and, with experienced players such as Denis Bigelow, Bill Strong, and John Moffit returning, the Bulldogs should improve vastly over the "building year" of 1962. New Head Coach Paul O'Brien has high hopes, and if the hurlers come through as expected, Union will be a top contender for the KIAC championship.

## Tennis

Union's tennis team will be striving to better last year's log when they open against Cumberland College. Floyd Cook, Dave Saxe, Dave Austin, Chuck Conley, and Fred Wilder should provide poise and experience, and some expected newcomers will furnish depth to the net squad.

Cookies' forehand.

The editors and staff of the *Stespean* 1963 would like to express their deep appreciation and thanks to Dr. and Mrs. McMahon for their help in preparing this book.

No Herculean task perhaps,  
but still demanding of the greatest labor;  
they proved themselves in it  
as nobly as any Greek might do:  
With the foresight of Pericles,  
the patience of Penelope,  
and greater wisdom than the Delphic Oracle,  
they created order from chaos,  
and earned for themselves  
laurels that do not wither.

The editors would also like to give special recognition to Ray Giron who developed the art theme and to Reid Pate for his poetic contributions. Special thanks also go to the English Department for the use of the conference room as a workshop.

With these final words of recognition, the editors and staff sincerely hope that the students, as well as the faculty, enjoy the 1963 *Stespean*.

## **ACKNOWLEDGEMENT TO OUR ADVERTISERS:**

We hope the students and the whole college community will help our advertisers enjoy a year of good business.

AND this year we wish to give a complimentary ad to a wonderful supporter,

**MR. PAUL C. MITCHELL**

Paul Mitchell, the movie man, gives our little corner of the world pleasure, excitement and importance. He has educated us, often in art, history, comedy, tragedy, race relations, nature lore, sex, anthropology, the American frontier, life in Paris, and how to be a road runner. We deserve about 47 hours of upper level credit for all this.
